cdhd.idaho.gov

The Central District Health Department (CDHD) has a lead role in responding to natural and man-made public health emergencies and disasters. Our Medical Reserve Corps (MRC) is a community-based program designed to develop a well-trained team of local volunteers who are willing to contribute their skills and expertise to their community so that we all may be better equipped to prepare for and respond to public health emergencies of all kinds as well as promote healthy living throughout the year.

Volunteers can choose how they would like to contribute their time and talents to the program. They may choose to assist only during a public health emergency or throughout the year by assisting in various areas of need within the health department. Medical and non-medical members of our Ada, Boise, Elmore and Valley County communities are encouraged to become involved. If you would like to support your community, complete and return this form to our office.

Personal	First Name		Last Name		County of Residency	
	Street Address		City	State	Zip Code	Date of Birth
